

## Singapore Workforce Skills Qualifications (WSQ) – **Dangerous Goods (Energetic Materials) Management Course**

With extensive experience in their respective fields, our team of trainers design, develop, and deliver our courses. To ensure the courses we create are both current and relevant, we work with regulatory bodies to stay updated on developments in policies and industries. We believe that everyone has a role to play in ensuring workplace safety.

As part of the WSQ programme in Singapore, the Dangerous Goods (Energetic Materials) Management Course will equip our clients with the knowledge of safety and technical competency to work with energetic materials.

This course is only available in Singapore.

[View the course dates and register here.](#)

## **Course Duration**

9.5 hours, including assessments

## **Course Breakdown**

This course consists of an e-learning module, case study discussions and a practical session. Learners are required to complete the e-learning module before attending the 1-day session for the case study discussion and practical session. The practical assessment will be conducted after the practical session.

## **Target Audience**

Workers who handle dangerous goods in their daily work e.g., the Material Handling Equipment Operators, Forklift Operators, Warehouse/Inventory Assistants, Warehouse Storekeepers, Inventory/ Logistics Coordinators, Rigger/Signalman, Dispatch/Transport Operator, Last Mile Delivery/Container Drivers, Lifting Supervisors, Traffic/Dispatch Coordinators and Transportation Management Project Supervisors in the logistics industries and the Vessel Capacity Management Executive and Stowage Planner/Coordinators in the sea transportation industries.

## **Assessments**

You will be assessed based on:

1. Written assessment (MCQ)
2. Oral questioning and practical assessment

## **Course Completion Requirements**

To complete the course, you must:

1. Complete the e-learning module
2. Attend the classroom and practical sessions
3. Achieve a 'COMPETENT' grade for all the assessments

## Eligibility Criteria

- Above 18-years-old
- Hold at least GCE N-Level Certificate
- Able to listen and speak English at a proficiency level equivalent to [Workplace Literary \(WPL\) Level 5](#)
- Able to read and write English at a proficiency level equivalent to WPL Level 5
- Able to manipulate numbers at a proficiency level equivalent to WPL Level 5

## Payment Modes

1. **PayNow** – UEN 199400107H
2. **Bank Transfer/GIRO**
  - **Bank Name:** Citibank N.A. Singapore
  - **Account Number:** 0-814843-009
  - **Account Holder:** ST Engineering Advanced Material Engineering Pte Ltd
  - **Bank Code:** 7214
  - **Branch Code:** 001
  - **Swift Code:** CITISGSG

Indicate the booking number in the remarks column when payment is completed.

All payment must be made two weeks prior to the physical session. This is to ensure sufficient time for learners to complete the e-learning module before the physical session.

This course is applicable for SkillsFuture funding<sup>1</sup>. For more information, [email](#) or call us at 6460 9665.

*<sup>1</sup>SkillsFuture course funding is set at baseline of 50% subsidy, with an additional 20% subsidy (up to 70% subsidy) for SMEs and mid-career individuals (Singapore citizens above 40-years-old). Do note that the funding amount advised is not final and is subject to changes. For Singaporeans aged 25 and above, you can choose to use your SkillsFuture credit to offset the payment for this course.*

## Statement of Attainment

Statement of Attainment from SSG will only be issued after all three modules (e-learning, case studies and practical modules) are completed.
